

OIL-SOLUBLE COLORS FOR OIL-SOLUBLE APPLICATIONS!

Discover the advantages of coloring your oil slurries with natural colors from BioColor. Have all the benefits of the natural ingredient statements plus all the flexibility of coloring your products at your wish.

Artificial yellow #5 and #6 are usually added in snacks within spray dried cheese flavor. Now you can get rid of these dyes while opening new possibilities for your products. BioColor has developed 100% oil-soluble natural colorants for oil slurries. Just use uncolored cheese powder and add colors to your liking.

These are only a few examples of the solutions we can provide. For further details regarding these or other BioColor natural colorants, please contact us or our agent in your country.
